Freestanding Gas Cooker 90cm

Inox

DESCRIPTION

A practical and spacious 90cm freestanding gas cooker designed for everyday cooking, featuring a full gas setup with a large hob surface and oven capacity suitable for family use. Its inox finish gives a clean, modern look while remaining durable for frequent daily cooking.

KEY FEATURES

- Full gas cooker
- 90cm wide cooking surface
- Large oven capacity for everyday meals
- Simple manual control for easy operation
- Inox finish for a modern kitchen look

PERFORMANCE & DESIGN

This freestanding gas cooker provides responsive heat control on the hob and consistent cooking performance in the oven, making it ideal for households that prefer traditional gas cooking. The 90cm width offers generous cooking space for multiple pots and trays, while the inox body ensures durability and easy maintenance.
